

# Put on Your Listening Ears

## Rabbit Ears Craft

---

### **You will need:**

Large sheet of brown card  
Pink paper  
glue

### **Instructions:**

Cut a strip of card long enough to go around your head. Measure around your head with the card and staple or glue the card to the correct size.

From brown card cut two long ears. Cut two smaller pink ears and glue them to the center of the brown ears.

Stick the ears inside the headband.

Leave to dry and you are ready to bounce!

# Fun Bunny Craft

Here's how to do it:

1. Print our [Fun Bunny Craft template](#) on white paper.
2. Trace the outline of the bunny with a black marker.
3. Choose either straight lines in each section or different patterns. I would suggest lead pencil first and then when the artist is happy, they can go over their lines with a black marker.
4. Then, colour in the bunny's sunglasses. The brighter the better!
5. Cut out the sunglasses and each section of the bunny – 2 ears, 4 head parts, and the body.
6. Glue each section of the bunny onto coloured card so that you can see a gap between each section.
7. Then, glue the sunglasses over the top.

Display and admire!
